

Appendix C Government and community issues checklist

Government and community issues checklist

Issues raised	Environmental assessment reference
Department of Planning	
Strategic outcomes for the project	Chapter 2 Chapter 11
Project justification	Chapter 2 Chapter 3 Chapter 11
Impact on ecology	Section 7.1 Appendix D
Impacts on Channel Structure – receiving environments	Section 7.2
Operation traffic and transport implications	Section 7.3
Operational noise impacts	Section 7.4 Appendix F
Aboriginal Cultural heritage	Section 7.5 Appendix E
General construction impacts	Section 7.6
Environmental risk analysis	Chapter 9
Consultation	Chapter 6
Department of Environment and Climate Change	
Impact on the Square-fruited Ironbark (<i>Eucalyptus tetrapleura</i>) and Weeping paperbark (<i>Malaleuca irbyana</i>)	Section 7.1 Appendix D
Impact of vegetation clearing on habitat and connectivity implications for the range of species present in the area.	Section 7.1 Appendix D
Impact on Glenugie Creek and other receiving waterways, including runoff from paved surfaces and flow from drainage structures.	Section 7.2
Operational noise impacts including impacts to sensitive receivers (schools, hospitals, aged care facilities) and sensitive structures, as relevant.	Section 7.4 Appendix F
Impact of construction noise and vibration	Section 7.6.1 Appendix F
Department of Primary Industries (Forests)	
Impact on the ecology of the Glenugie State Forest	Section 7.1 Appendix D
Department of Primary Industries (Fisheries)	
Construction impacts at watercourse crossings including erosion, sedimentation, water quality and riparian management, including, potential for impacts on riparian vegetation, fish passage and water quality in the watercourse during construction.	Section 7.6.3
Department of Primary Industries (Agriculture)	
No issues raised	N/A
Department of Water and Energy	
No issues raised	
Clarence Valley Council	
Impact on <i>Eucalyptus tetrapleura</i> , particularly on the Shannon Creek dam site.	Section 7.1 Appendix D

Issues raised	Environmental assessment reference
Construction traffic impacts, including number, frequency and size of construction vehicles, construction access routes, impact on existing traffic, emergency vehicle access and day to day traffic management.	Section 7.6.2
Operational impacts on the surrounding road network, safety implications for the Pacific Highway and relevant local roads and impacts on local property access.	Section 7.3
Department of Environment, Water, Heritage and the Arts (Commonwealth)	
Impact on <i>Eucalyptus tetrapleura</i> and the need for an offset strategy for the species.	Section 7.1 Appendix D
Aboriginal Focus Group	
Assessment of the impact on Aboriginal cultural heritage.	Section 7.5 Appendix E
Management of Aboriginal artefacts / sites.	Section 7.5 Appendix E
Opportunities for Aboriginal employment during construction.	???
Opportunity for pre-construction inspections by the Local Aboriginal Land Council.	Section 7.5 Appendix E
