Hi Liz,

I have confirmed with my Director that the fee for your section 75W modification will be \$5000.00. The department's accounts section will send you formal correspondence once the application has been lodged as we can't raise an invoice or receipt until lodgement is complete.
Kind regards,

Kat

Hi Kate,

Is it possible for you to send an email stating the fee of \$5000 so I can have a cheque raised?

We're just finalising our submission letter, in there it will have information about environmental impacts.

Thanks
Liz

Hi Liz,

As per our telephone conversation, please find attached a copy of the section 75W report prepared for a modification to the Sydney Opera House VAPS project. Let me know if you have any questions. Am happy to have a read through any draft that you prepare just to make sure that you have covered everything off.

Kate

Hi Kate,

Following on from our conversation last week, I just wanted to run something else past you before we submit our application.

As we're deleting tri-gen you requested that we submit evidence of what our current Green Star rating is compared to what we had.
Is the attached adequate?

Thanks
Liz

Hi Liz,

Please see attached Green Star credit summaries for the pre Value Engineering (including tri-generation) design and the current design as discussed with Jason below.

Let me know if you need anything else.

Kind regards
