**Subject:** RE: MP 09\_0187 MOD 4 - Notification of section 75W modification to mixed use development at 6-16 Atchison St, St Leonards

Hi Natasha

The Section 75W application seeking to add stratum subdivision to the approved development (to create 3 stratum lots) would normally be a separate DA as it is a normal follow on with the building to allow separate strata plans for each of the stratum lots. You are advised that Council has no objection and does not wish to make a submission.
