Dear Dan

RE: MP09_0233 APPROVAL FOR TRAIN SUPPORT FACILITY AT GRETA

As discussed on the phone, please find attached a Request to Modify a Major Project Application signed by the land owner. The request is in relation to the real property description attached. The current consent identifies the land as Lot 300 in DP 1117342 and the correct description is Lot 1 in DP 1129191. This confusion has occurred as a result of a subdivision that was undertaken as part of the site around the time when the first application form was lodged with the Department of Planning. The effect of this subdivision was to change the lot and DP number for the site.

Thank you for your attention to this matter, and for your assistance through this project.

Yours faithfully
