Hi Fiona,

As discussed, the proposal relates to management of temporary waste collection whilst the development is under construction. On this basis I have no objections to the proposed modifications.

Kind Regards

Hi Marta,

I hope you had a good Easter break.

In regards to Modification 3 to the stage 1 Discovery Point project application. The applicant submitted a final minor addendum to the modification application before the Easter break regarding the temporary waste collection location and condition E17.

Are you able to look over the attached information and advise if Council has any concern to this request?

Kind Regards,  
Fiona
