Director Major Project Assessments

Department of Planning

GPO Box 39

Sydney NSW 2001

25th January 2011

Dear Mr Keary,

Subject: **Proposed Construction and Operation of Dalton Power Station, Walshes Road Dalton, Upper Lachlan Shire Local Government Area (MP 10_0035)**

I refer to our Project Application for Dalton Power Project, a peaking power station up to 1500MW.

Further to our correspondence of 23 March 2010, AGL requests that the above mentioned Project Application now be amended regarding the works to construct an access road and gas lateral connection to the power project site to the Moomba-Sydney gas pipeline, generally in accordance with the attached plan (Figure 2).

The amendments relate to the affected lots in the following manner:

- Lot 1 126119 is identified as being traversed by the access road which is no longer the case.
- Lot 24, 25 and 26 DP 754111 are identified as being traversed by the temporary construction and operation of gas lateral connection to power station which is no longer the case.
- Lot 30 and 31 DP 754111 are NOT identified and are now impacted.

It is noted that landowner consent is not required given the critical infrastructure status of the project, however, AGL has agreement with the private landowner impacted (Lot 31 DP 754111) and has had preliminary discussion with local Council regarding public road known as Walshes Road.

AGL does not envisage that substantive modification to the submitted Preliminary Environmental Assessment are required for this amendment, however would be pleased to provide any further information required.

Yours sincerely

Neil Cooke

Manager Power Development
