Dear Sir/Madam

Reference is made to your letter dated 7 August 2012 regarding the subject development project forwarded to Roads and Maritime Services (RMS) for consideration.

RMS has reviewed the information provided and provides the following comments for your consideration:

- RMS notes the proposed modification does not involve any increase in the traffic generation of the colliery.
- RMS notes a technical committee has been set up between representatives of NRE and RMS to resolve issues related to the subject project.

Given the above, RMS will not object to the development project subject to the following comments being included in the conditions of development consent:

- All proposed modifications to MP10_0046 shall be submitted to the relevant Technical Committee for approval. RMS' does not object to the modification subject to the satisfaction of the Committee.

Upon the Department's determination of this matter, it would be appreciated if the Department could forward a copy of the Notice of Determination to RMS within the appellant period for advice and consideration.

Yours faithfully

29 AUG 2012
