

Teille Whiteman  
Planning Officer, Industry, Key Sites & Social Projects  
Department of Planning & Environment  
GPO Box 39  
Sydney NSW 2001

Dear Ms Whiteman,

**Demolition of Harbour Control Tower (HCT), & construction of an interpretive structure on the site of the HCT – Barangaroo Headland Park and Northern Cove Main Works, Barangaroo.**

Thank you for your letter received 30 April 2014, requesting Transport for NSW (TfNSW) to review and comment on the subject proposal. Please accept this letter as a joint Roads and Maritime Services (RMS) and TfNSW response to the subject proposal.

TfNSW has reviewed the documentation and provides the following comments in regard to the subject proposal:

- Consultation should be undertaken with the City of Sydney regarding the proposal and is to be satisfied with the submitted Austroads Swept Path Assessment Diagrams for 19m Articulated Vehicle /12.5m Heavy Rigid Vehicle (ingress / egress movements) into and out of Merriman Street.
- The proposed Merriman Street closure to general traffic during demolition will require the proponent to prepare a Traffic Management Plan (TMP) which should be submitted initially to City of Sydney and for referral to the RMS for endorsement. The TMP must also examine the implementation of appropriate measures to address the temporary loss of on-street resident car parking.
- It is understood that the appointed contractor would update and modify the preliminary Construction Traffic Management Plan (CTMP) to better suit any proposed changes to the construction methodologies, staging, etc. Any updates to the CTMP must be referred to Council for approval.
- All works / regulatory signposting associated with the proposed development are to be at no cost to the RMS.
- In case of any impacts on regular bus services operating on roads within the vicinity of the site are identified during the demolition period, including any proposed road closures, appropriate consultation should be carried out with RMS, TfNSW and bus operators.

Thank you again for the opportunity to provide advice for the subject proposal. If you require further clarification, please don't hesitate to contact Dorna Darab on 8202 2196 or email [dorna.darab@transport.nsw.gov.au](mailto:dorna.darab@transport.nsw.gov.au).

Yours sincerely

29/5/14
