**Attachments:** EA - Mod 1.pdf

---

Good afternoon Andrew,

As verbally advised on Friday 1 April 2011, Hunter Water has considered the proposal for a temporary concrete batching plant for construction of the Sandvik development at Heatherbrae. I wish to advise that there is sufficient capacity at this site for the temporary batching plant. The applicant should lodge an application to Hunter Water for a Section 50 Compliance Certificate to confirm servicing arrangements.

If you have any questions, please do not hesitate to contact me.

Regards

**Malcolm Withers** | Senior Account Executive Major Development | Hunter Water Corporation

**Subject:** Fwd: Ref: 2009/635 - Sandvik Machine Manufacturing and Maintenance Project Modification (MP 10\_0073 MOD 1)

Dear Sir/Madam

Please note my email below requesting advice on a project with Hunter Water Corporation's (HWC) interest.

Ref: 2009/635

To date I have received no response thus I again invite HWC to make a written submission on the proposal by **Friday 1 April 2011**.

In particular, could HWC please advise on the proposed water sourcing arrangements and the likelihood that permission would be granted by HWC for Sandvik to connect to HWC water mains for batching requirements.

Advice via email would be more than sufficient.

kind regards AH (9228 6503)
