Dear Anthony

RE: ELECTRICITY SUPPLY TO SUBDIVISION AT WALKER STREET, RHODES

Connect Infrastructure are authorised level 1 and 3 service providers accredited to design and build Energy Australia assets.

Connect Infrastructure have applied to Energy Australia in respect to this project. Energy Australia have issued their street lighting and ducting requirements under their project reference SC10306.

Connect is currently designing these works in accordance with Energy Australia requirements.

Electricity will be made available to each individual lot upon application.

If you have any questions please do not hesitate to contact me

Regards

Greg Saunders
