Attn. F. Caristo

Dear Frank,

**RE: PROPOSED SUBDIVISION OF
STAMFORD HOTEL - HERRING RD, MACQUARIE PARK**

Natural Gas is available adjacent to the above subdivision and could be extended to supply any proposed development at this site depending upon its commercial viability. A single connection point will be located in Herring Rd and an anticipated metering pressure would be 2.75kPa.

Caution should be exercised when carrying out any road works that may expose the Natural Gas mains existing in this location. Contact Dial B4 you Dig ph 1100 to confirm their location.

We appreciate the opportunity to be involved in the forward planning of this development and would like to pursue the potential for the connection to the natural gas network.

Thank you for your inquiry. If further information or assistance is required, please do not hesitate to contact me on 0402 060 151.

Yours faithfully,

Neale Hilton
