Dear Mr. Hall,

**Re: Section 96 Modification to Major Project Application – Coca Cola Amatil PET  
(M\_10\_0125), Lot 251, DP 1082988, 9 Roussell Road, Eastern Creek**

Reference is made to the application from Goodman to modify a condition of consent pertaining to the recently approved Coca- Cola Amatil Preform and Closure Manufacturing Facility Project at 9 Roussell Road, Eastern Creek. Reference is also made to your email dated 1 December 2011 in which the Department of Planning and Infrastructure has provided Council with an opportunity to comment on this modification proposal.

Council has reviewed the proposed modification concerning the removal of the requirement to install an extraction and afterburner system by deleting Condition 19, Schedule 3 in the project approval. Council is satisfied that the proposed modification will have negligible impact on the surrounding area.

Council raises no objection to the deletion of the aforementioned condition. Furthermore, no additional conditions or modifications to the existing consent are required from Council's perspective.

Should you wish to discuss this matter further, please contact Council's Manager Development Services and Administration, Mrs Judith Portelli, on 9839 6000.

Yours faithfully,

Chris Shannon  
Acting Director City Strategy and Development
