I10121 Letter Blacktown Street Tree Policy.docx  
21/01/2011

Dear Jenny,

**ROPES CREEK - JACFIN  
BLACKTOWN CITY COUNCIL STREET TREE PLANTING GUIDELINES**

I can confirm that Street Tree Design for the Jacfin Ropes Creek project conforms to the Blacktown City Council Street Tree Planting Guidelines, as documented in the following drawings, issued 11/10/2010:

- Ropes Creek – Landscape Plan – Landscape Site Plan, rev B.
- Ropes Creek – Landscape Plan – Regional Road Detail, rev B.
- Ropes Creek – Landscape Plan – Local Road Detail, rev B.

It should be noted that we could not find the Street Tree Guidelines on the council website while preparing the original reports for the project. Therefore, when we issued the Landscape Report (Rev E) we had noted that we produced the landscape design in the absence of the council guidelines. Council emailed the guidelines in October, which were used for the plans noted above. We have now rectified this note in the report and reissued the Ropes Creek Landscape Report (rev F) today.

If you have any queries please contact me.

Yours sincerely,

John Minnikin
