Dear Laura

We refer to your letter to the Department of Planning dated 31 January 2011 in response to RTA comments of 21 January 2011 regarding the subject proposal. Given the traffic volumes on Bungendore/Tarago Road, the RTA has no objections to daily and peak hour traffic volumes and break downs of vehicle types being provided in the Construction Environmental Management Plan.

Hi Andrea,

Thanks for your time this morning. As discussed, please find attached a response to the RTA comments regarding the traffic for the proposed wind farm project.

Please let me know if the response is adequate for your submission or if you require further feedback/information.

Thank you very much.
