Subject: City East Cable Tunnel

To whom it may concern,

I have just found out about the City East Cable Tunnel. I live on the corner of Albion and Riley Streets directly overlooking this site. I have not received any notification of any works at the site.

I understand that comments on this close tomorrow.

This plan has not been adequately publicised and residents have not been notified. I demand that the exhibition period be extended to give all affected residents adequate time to examine and comment. I demand that all residents receive written notice of the project and exhibition and comment periods.
