I am writing to object to the current application that has been put forth by Shore School on the Graythwaite site. I am opposed to the excessive size and height of the new buildings. These buildings are not appropriate to the site and will directly impact the surrounding neighbourhood. I am opposed to the loss of trees. North Sydney has no parkland and these trees represent a large percentage of our local greenery. In its initial representation Shore said that the parklike nature of the site would be maintained, and now that is clearly not the agenda. I would like to request a public inquiry into this application. Thank you.
