As a local resident, I strongly object to the current application for the following reasons:

The loss of habitat caused by the removal of 85 trees will probably result in the local extinction of kookaburras and other wildlife in what is a rare pocket of greenery in North Sydney.

The loss of trees will also affect the visual amenity of area.

The development may result in 500 more students and 50 more staff with adverse effects on traffic in the vicinity.
