Regarding Koolalong Marina Proposal  
Application No. 10-0209  
Location Lot 519 D.P. 729020-19 Brisbane Water  
Quinn, Koolalong.

Dear Sir,

Thank you for accepting this second letter from me, as it appears the first one has gone astray as has some of my close neighbours.

I am very much in favour of the proposed Marina & feel it would be a wonderful & an asset to this beautiful area & beyond, on these beautiful Brisbane Waters.

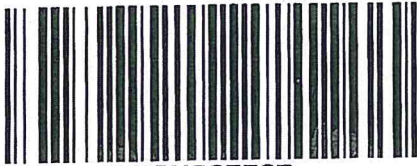

I live directly opposite the 'Boathouse Building' & have done so, with my late husband, & have nothing but respect for Mr. Bob. Tuckwell & staff for the immaculate condition that this establishment is maintained, & after living here for many years have found Mr. Tuckwell a gentleman with many fine ethics, & very much respected, by us all.

I, with my neighbours, would be delighted to see a Marina approved & established at the above address, & it would be such a valuable asset to Gosford & surrounding areas & Central Coast.

I hope this letter is accepted, favourably.

Yours Sincerely  
Joan Hemple (02) 43421258.

My first letter was posted on the 26<sup>th</sup> October 2011.

Re murphys bay marina development.

I write in support of the above marina project.

As a local real estate agent and a boat owner I am 100percent in support of the above project. The proposed 50 berth marina will be a great benefit to the local community.as a member of Gosford sailing club there is a drastic shortage of available berths to moor a boat in the Brisbane water.it is a very protected area from south and west winds will reduce swing moorings and will become an excellent tourist attraction.

Attention: Director, Metropolitan and Regional Projects North.

The proposed 50 berth marina at Murphy's Bay (Application No 10\_0209) on the Central Coast NSW's is a much needed development for the waterways of the Brisbane Water.

The project when finished will be well supported by the public, due to the lack of this type facility available to the boating people of the Central Coast, and, people visiting the area wanting temporary Berthing.

A facility of this type is well overdue for the people of the Central Coast, and visitor's to the Brisbane Water's.

I fully support this project and hope it meet's with a favourable decision to proceed.

Hi Brent

I am just writing to let you know as a resident of Koolewong  
My husband and I are very excited about this project going ahead.

It will be truly a master piece driving along and seeing the Marina  
Landscaped with beautiful boats moored and restaurant. What  
And Icon for the Central Coast and for the area.

We are all for this project to go ahead, if you need any help  
With moving forward, let us know.

Regards

Marilyn & Bob Read
