Sara

The NSW Office of Water has reviewed the additional information provided by the proponent's consultant (Tim Crosdale, Umwelt) in an email dated 20 December 2013 and the Groundwater Peer Review dated 30 October 2013. It is recognised this is in response to the Office of Water's submission to the Response to Submissions document. Based on this review the NSW Office of Water is satisfied with the information provided and has no further comment. The recommended conditions of approval previously provided remain valid.

Should further information be required please do not hesitate to contact Tim Baker on (02) 6841 7403.

 Hi Tim

Please refer to the response received from Umwelt in relation to the first dot point of your comments on the Northparkes comments dated 13 Nov 2013.

Can you please let me know if you are satisfied with this response and if it has any implications in relation to entitlements at various stages of the project?

Also, I sent you a copy of the groundwater peer review for the project on 17 Dec 2013. Is NOW satisfied with this?

We are wanting to get draft conditions to the proponent within the next week, so a prompt response would be very much appreciated.

Feel free to call me on 0414997714 if you have any queries.

Thanks

Sara Wilson
