Caroline,
Development of Carlton & United Brewery Site CHIPPENDALE – MP 11_0090-Blocks 3B, 3C & 10
Re your e-mail on development proposals on the CUB site as described above.
These blocks are remote to TransGrids existing infrastructure in Abercrombie St. Therefore, TransGrid will have no objections to the further development of this site.
TransGrid does have a major piece of infrastructure (330kV U/G Cable) running under Abercrombie St and all precautions need to be taken to ensure the integrity of this cable is retained.
As we have discussed your ongoing consultation with TransGrid in respect to the future development of this site will be appreciated.
If you have any queries feel free to contact myself.
regards
David
