**MP 11\_0094 – Whytes Gully Landfill Expansion Project,  
Reddalls Road, Kembla Grange**

Dear Mr Hartcher,

Thank you for your correspondence of 10 September 2012 requesting comment on the proposed Landfill Expansion Project at the above address.

Sydney Water has reviewed the proposal and has no specific conditions of consent. However, due to the proximity of the site to Sydney Water assets, we would like to provide the following comments for consideration.

**Contamination**

The proponent should enquire through the Environmental Protection Authority and take appropriate precautions to manage contamination. In addition, they should protect all Sydney Water infrastructure affected by their development including taking any precautions to protect our infrastructure from all potential contamination issues, including acidic groundwater.

If you require any further information, please contact Corrine Manyweathers of the Urban Growth Branch on 02 8849 4014 or e-mail [corrine.manyweathers@sydneywater.com.au](mailto:corrine.manyweathers@sydneywater.com.au).

Yours sincerely,

  
Michael English,  
Acting/Manager, Growth Strategy
