Dear Mr Beckett

**SSD 9550 – Glenellen Solar Farm – EIS**

Thank you for your email dated 26 October 2020 seeking WaterNSW's comment on the Environmental Impact Statement (EIS) for the Glenellen Solar Farm, 20km North of Albury.

WaterNSW has reviewed the EIS and determined that the proposal should not impact on our assets, being Hume Lake. It is considered that the mitigation measures considered and outlined within the EIS will manage the project impacts adequately, including impacts to soil and water, Bowna Creek and the Hume Dam catchment.

WaterNSW requests the Department continues to consult with WaterNSW for any development that may impact on our assets, infrastructure or land, using the email address [Environmental.Assessments@waternsw.com.au](mailto:Environmental.Assessments@waternsw.com.au)

If you have any questions regarding this letter, please contact WaterNSW's Ms Justine Clarke at [justine.clarke@waternsw.com.au](mailto:justine.clarke@waternsw.com.au).

Yours sincerely
