Advice provided via the Major Project Portal

Dear Mr Glasgow

Response to Submission comments for Harbourside Shopping Centre Redevelopment (SSD 7874) (City of Sydney)

Thank you for your referral dated 30 November 2020 inviting comment from Heritage NSW on the Response to Submissions report (RTS) for the above State Significant Development (SSD). Heritage NSW provided previous comments on an amended concept proposal for this SSD, in relation to Aboriginal cultural heritage matters, on 27 October 2020.

We have reviewed the Response to Agency Submissions dated 27 November 2020 and the Heritage RTS Statement dated 23 November 2020.

The applicant has noted and addressed our comments dated 27 October 2020 satisfactorily. We have no further comments to make on the RTS. We recommend the following be included as conditions of consent:

- The preparation of any archaeological research design is to include consideration of Aboriginal cultural heritage values to address whether the project area does have potential for Aboriginal objects
- An Unexpected Finds Protocol for Aboriginal objects is to be prepared as part of any Construction Management Plan for the site during all development works
- A Heritage Interpretation Plan is to be prepared to address all heritage elements and values of the site, including built heritage items, historical archaeology and Aboriginal cultural heritage

If you have any questions regarding the above advice please contact me on (02) 6229 7089 or via email at jackie.taylor@environment.nsw.gov.au.

Yours sincerely
