Subject: TfNSW response: WST09/00087/12 - Major Projects - MOD5 - New RSF and Extension of Project Life (MP09_0155-Mod-5) (Narromine Shire)

Dear Emily

TfNSW has reviewed the Tomingley Gold Mine MOD5 documentation and understands transport-related impacts will remain the same as those previously approved, or will be otherwise contained within the site, but with an extension of mine life by 3 years to 31 Dec 2025. As such, TfNSW confirms it makes no submission in relation to the proposal.

If you'd like to discuss, please get in touch with myself or Andrew McIntyre.

Thanks,
Bevan
