RE: *SSD-10315 - BOWMANS CREEK WIND FARM*

Dear Anthony,

Thank you for your submission of the Environmental Impact Statement (EIS) for the above development (Bowmans Creek Wind Farm) to Fire & Rescue NSW (FRNSW) for agency review and comment.

It is understood that the EIS has been prepared to address matters identified in the Secretary's Environmental Assessment Requirements (SEARs).

It is deemed that the proposal has limited scope and application in regard to fire and life safety, and as such FRNSW submit no comments or recommendations for consideration, nor any requirements beyond that specified by applicable legislation. It is requested that the Applicant undertake consultation with FRNSW should more detailed information regarding the fire and life safety aspects of the development become available.

It is requested that FRNSW be given the opportunity to review and provide comment on any proposed modification to the development that includes the installation of a Battery Energy Storage Systems (BESS).

If you have any queries regarding the above, please contact the Fire Safety Infrastructure Liaison Unit, referencing FRNSW file number BFS21/1118. Please ensure that all correspondence in relation to this matter is submitted electronically to firesafety@fire.nsw.gov.au

Yours Sincerely,

A handwritten signature in black ink, appearing to read "John Hawes".

SUPERINTENDANT JOHN HAWES
