10 January 2020

Dear Olivia

Request for comment on proposed modification application and report for the Oakdale West Estate MOD 2 – Amendments to concept Plan and Stage 1 (SSD 7348 MOD 2)

I refer to the Department of Planning, Industry and Environment's email on the 9 January 2020 requesting the NSW Environment Protection Authority's (EPA) input on the proposed modification application and report for the Oakdale West Estate MOD 2 – Amendments to Concept Plan and Stage 1.

The proposed modification and report do not contain any further information that would constitute a scheduled activity under Schedule 1 of the *Protection of the Environment Operations Act 1997*. As such, the EPA has no interest in this proposal.

If you wish to discuss this letter, please contact Kyle Browne, Operations Officer on 9995 6107.

Yours sincerely
