Dear Ellen,

Advice on EIS and recommended conditions – State Significant Development – Central Waste Plant Resource Recovery Facility (SSD-10435)

**Project: Central Waste Plant Resource Recovery Facility, Kurri Kurri
SSD/SSI application no: SSD-10435**

Thank you for your referral uploaded to the Major Projects Portal on 9 April 2021 seeking advice for the above state significance development (SSD) proposal.

In preparing the following advice we have reviewed the following documents:

- Kurri Kurri Resource Recovery Facility Expansion: Environmental Impact Assessment (SSD-10435) – prepared by EMM Consulting Pty Limited, dated March 2021
- Appendix A: Existing Development approvals and environmental protection license for the RRR – prepared by EMM Consulting Pty Limited, dated March 2021
- Appendix B: Secretary's Environmental Assessment Requirements (SSD-10435), issued April 2020
- Appendix O: Aboriginal Cultural Heritage Report – prepared by Insite Heritage, dated February 2021

Heritage NSW has no comments to make on the project as there will be no impact to Aboriginal cultural heritage. The Aboriginal Cultural Heritage Report (ACHR) complies with the SEARs issued April 2020, and no issues were raised by the Registered Aboriginal Parties.

Heritage NSW does note that the ACHR is incomplete and does not conform to the materials in the Policies, Guidelines, and Plans section of the SEARs. Nor does it conform to the conditions outlined in the Draft SEARs supplied by the, then, Office of Environment and Heritage in 2017.

If you have any questions regarding these comments, please contact Corey O'Driscoll, Archaeologist, at Heritage NSW Aboriginal Cultural Heritage Regulations - North, on 6229 7079 and corey.odriscoll@environment.nsw.gov.au.

Yours sincerely

Dr. Samantha Higgs
Senior Team Leader
Aboriginal Cultural Heritage Regulation - North
