Dear Andrew,

**Western Coal Services Modification 3 - Coal Receipt from Lidsdale Siding  
Castlereagh Highway Lidsdale**

I refer to your email received 23 July 2019 in regard to the Western Coal Services Project State Significant Development (SSD 5579), Modification 3. The modification seeks approval for coal transfer from Lidsdale Rail Siding to Springvale Coal Services and an increase to the volume of coal that can be received at Springvale Coal Services from other sources.

Council considers the Environmental Assessment adequately highlights the relevant issues, and has no objection to the project subject to Council's original conditions remaining on the consent.

Please do not hesitate to contact Miss Lauren Stevens who is available between 8:15am and 10:30am Monday to Friday on (02) 63549999, in Council's Environment & Development Department should you have any queries in relation to this matter.

Yours sincerely

Andrew Muir
