No Comment to Planning Advice Request

Dear Mr Hemphill

I am writing in reply to your invitation to the Environment Protection Authority (EPA) to provide comments on the proposed Environmental Impact Statement for the Alterations and Additions to Epping West Public School (SSD 9250948), located at 96-104 Carlingford Road, Epping.

The EPA emphasises that it does not review or endorse environmental management plans or similar plans but sets and regulates to environmental outcomes. The EPA supports the development of Environmental Management Plans (EMPs) as part of good environmental management but does not generally approve specific EMPs for industry operations.

The EPA does not require any follow-up consultation. Parramatta City Council should be consulted in relation to the proposal.

If you have any questions about this request, please contact Environment Line on 131 555 and quote the above reference number.

Yours sincerely
