Dear Mandana,

**Mt Piper Ash Placement Project-Lamberts North Ash Repository Modification 1,
Project Approval PA09_0186, Lot 9 DP804929 and Lot 101 DP1240974**

I refer to your email received 21 May 2021 in regard to a modification to the Mt Piper Ash Placement Project Lamberts North Ash Repository, Project Approval PA09_0186, Lot 9 DP804929 and Lot 101 DP1240974 and the request for Council comment on the application.

Council notes that the modification involves installing a leachate barrier system to capture and subsequently reuse/treat leachate that has moved through the ash placed above the liner. The modification also seeks to reduce the footprint to avoid interaction with the existing Western Coal Service Infrastructure area.

As such, Council has no objection to the modification subject to the original conditions remaining on the consent.

Please do not hesitate to contact Miss Lauren Stevens who is available between 8:15am and 10:30am Monday to Friday on (02) 63549999, in Council's Environment & Development Department should you have any queries in relation to this matter.

Yours sincerely

Paul Cashel
DEVELOPMENT MANAGER
