Dear Mr Ritchie

Re SSD MP 07_0146 MOD 4 – Riverina Oils and Bio Energy

I refer to the request for comment on the proposed modification to the existing Riverina Oils and Bio Energy Pty Ltd (ROBE) facility located at 177 Trahairs Road, Wagga Wagga, received by the Environment Protection Authority (EPA) on 31 July 2019 via the Major Projects portal.

The EPA has responsibilities for pollution control and environmental management under the *Protection of the Environment Operations Act 1997* (the Act). ROBE hold Environment Protection Licence No 13097 (the licence) issued pursuant to the Act for scheduled activities occurring at the premises.

We have reviewed the modification documentation and accompanying information and note, following the commissioning of the proposed blending and storage tanks, the production capacity will remain unchanged. We have determined that there is no requirement to vary the licence.

Based on the information provided we have no further comment on the proposed modification.

If you have any further enquiries about this matter please contact Briohny Seaman by telephoning 02 6969 0700 or by electronic mail at riverina.farwest@epa.nsw.gov.au.

Yours sincerely
