Dear Mr Herbert

**Notice of Exhibition of application for Menangle Quarry - MOD 2 - Conveyor Removal (DA85/2865-Mod-2)**

Thank you for your referral dated 23 June 2021 inviting comments from the Heritage Council of NSW on the above State Significant Development (SSD) proposal.

It is noted that the Heritage Council provided advice regarding DA85/2865-MOD1 in March 2020, which noted no additional comments to those provided in June 2017 (DOC17/308946).

The proposed development involves:

- Deletion of approved installation and use of conveyor (not as yet installed); and
- Allow transport of material between Stage 8 Extraction Area and processing area by an off-road haul truck using existing tracks.

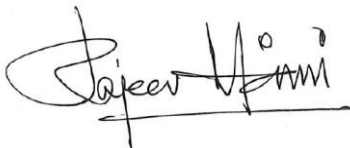

No heritage listed items are situated within the Stage 8 area. Some LEP and SHR items are in the vicinity of the quarry, with the closest being at least 800 metres away and unlikely to be affected by the proposal.

The following report was considered in our assessment:

- *DA85/2865 Modification Report*, EMM, June 2021

If you have any questions regarding the above advice, please contact Veerle Norbury, Senior Heritage Assessment Officer, at Heritage NSW on 9873 8616 or Veerle.Norbury@environment.nsw.gov.au.

Yours sincerely
