Attention: Mandana Mazaheri

Dear Ms Mazaheri

MP07_0018-Mod-6: Lot 7421 DP 1183597 & others, 130 Eyre Street Broken Hill, Modification to Consent

Thank you for referring development application (DA) MP07_0018-Mod-6 via the NSW Major Projects Portal on 3 September 2021 inviting comment from Transport for NSW (TfNSW).

TfNSW understands the modification involves:

- establish Kintore Pit as TSF3 for naturally dried tailings to be co-placed with excess waste rock from underground development;
- relocate the mine portal and access decline with associated infrastructure to a boxcut;
- utilise TSF2 for harvesting naturally dried (solar and air) tailings for transfer to TSF3;
- conduct periodical crushing of non-ore material in Kintore Pit Tipple and/or BHP Pit;
- utilise waste rock (containing on average <0.5% lead(Pb)) for rehabilitation capping;
- administrative amendments for site noise criteria and annual environmental reporting.

TfNSW will not object to the proposed modification and makes no submission.

Please forward a copy of Councils determination to TfNSW at development.western@transport.nsw.gov.au when it is sent to the applicant. If you wish to discuss this matter further, please contact Howard Orr on 02 6861 1530.

Yours faithfully

Howard Orr
