Dear Ms Coomar

Response to Submission comments for the Westmead Catholic Community Education Campus, City of Parramatta (SSD 10383)

Thank you for your referral dated 6 September 2021 inviting comments from the Heritage Council of NSW on the above State Significant Development (SSD 10383) Response to Submissions.

The revised RTS is outlined in a document prepared by Ethos Urban dated 6 September 2021 entitled "*Westmead Catholic Community Education Campus (SSD 10383) Response to Additional Information and Design Amendments.*"

A summary of the proposed amendments to the proposed development are as follows:

- Intersection and access amendments;
- Farmhouse Road pedestrian access upgrades;
- Repositioning of the Parish Church;
- Update and expansion of existing OOSH facilities; and
- Removal of the primary school pick-up and drop-off area from the SSD scope.

It is noted that the proposed amendments do not expressly concern or address heritage matters. The Ethos Urban RTS letter advises the changes are minor in nature and key elements of the design, as well as the associated environmental impacts, remain largely unchanged. As no additional heritage impacts have been identified, the previous advice dated 23/09/2020 remains relevant. Heritage NSW notes that no heritage items or historical archaeological potential has been identified for management as part of the proposal. It is recommended that the project includes an unexpected finds protocol within the Construction Management Plan to ensure that any unexpected archaeology is appropriately managed.

If you have any questions regarding the above advice, please contact Stirling Smith, Senior Maritime Archaeology Officer at Heritage NSW, on 9873 8523 or stirling.smith@environment.nsw.gov.au.

Yours sincerely

F. Barry
