Dear Mr Williams

Thank you for your correspondence dated 13 September 2021 providing the opportunity to review the environmental impact statement (EIS) for SSD 18204994 for the Snack Brands Manufacturing Facility at Lot 10 and 11 DP 271141, 2 and 14 Distribution Drive, Orchard Hills in the Penrith local government area (LGA).

The NSW Department of Primary Industries (DPI) Agriculture is committed to the protection and growth of agricultural industries, and the land and resources upon which these industries depend.

DPI Agriculture has reviewed the EIS and notes the proposed development comprises a new purpose-built industrial warehouse facility for industrial food manufacturing and adjustments to the operations of the existing warehouse and distribution facility.

DPI Agriculture has no concerns with the proposed development.

DPI Biosecurity and Food Safety has advised that the proponent should note that the NSW Food Safety Code requires food for sale to be safe and suitable for human consumption and that there is no misleading conduct. Further information can be obtained at the NSW Food Authority [website](#) and the relevant food safety requirements are available [here](#).
