Dear Sir/Madam,

**Lidsdale Siding Coal Rail Loader Modification 3 - Removal of the Trigger Action Response Plan (TARP), Development Consent 08\_0223**

Reference is made to your request for Council comment on the Modification Application and Report for the Lidsdale Siding Coal Loader Modification 3.

The Environmental Assessment adequately highlights the relevant issues and no objection is raised to the modification project subject to Council's original conditions remaining on the consent. The matter will be reported to Council's Ordinary Meeting of 25 May 2020. Whilst unlikely, it is possible that the elected Council may wish to lodge a supplementary submission.

Please do not hesitate to contact Miss Lauren Stevens who is available between 8:15am and 10:30am Monday to Friday on (02) 63549999, in Council's Economic Development and Environment should you have any queries in relation to this matter.

Yours sincerely

Andrew Muir  
Director Economic Development and Environment
