Dear Mr Turner

EPA Comments on Wongawilli Colliery North West Mains Development – Modification 2

The EPA refers to your request for comments on the Response to Submissions Report for the proposal to modify the North-West Mains Development Consent MP09_0161 for Wongawilli Colliery.

The key aspects of the proposal are to modify the alignment of the western end of the mains and to extend the life of the mine by five years to 31 December 2025.

The EPA has reviewed the Submissions Report and considers that it addresses the issues raised in the EPA's submission on the proposal dated 24 February 2021.

The EPA would appreciate receiving notification of any approval given for the proposal by the Planning Secretary.

If you have questions regarding the above, please phone Andrew Couldridge on (02) 4224 4100.

Yours sincerely

05.10.2021
