Attention: Joel Herbert

**SSD-8804 (PAE-2882) – PROPOSED HOWLONG SAND AND GRAVEL QUARRY EXPANSION,
4343 RIVERINA HIGHWAY, HOWLONG**

I refer to your correspondence regarding the subject Application which was referred to Transport for NSW (TfNSW), formerly Roads and Maritime Services, for assessment and comment.

From the information provided it is understood that this proposal is for an expansion of the existing sand and gravel quarry. The subject site has frontage to the Riverina Highway (HW20), which is a classed as a state road.

It is understood that Federation Council in their submission dated 19 May 2020 requested additional information in regards to the potential adverse impact from the increase in traffic movements through Howlong. Transport for NSW also shares similar concerns in relation to traffic. The additional information requested by Council would allow for an informed assessment of the proposed development.

Transport for NSW is not in a position to complete the assessment of this application based on the documentation provided. We await the receipt of additional information before providing a detailed assessment and response.

TfNSW does have concerns regarding access to the site for heavy articulated vehicles to and from the Riverina Highway. These will be addressed in the final submission following receipt of the additional information.

Any enquiries regarding this correspondence may be referred to the Manager, Land Use, TfNSW (South West Region), Maurice Morgan, phone (02) 6923 6611.

Yours faithfully

Per:
Lindsay Tanner
Director South West
