Dear Mr Rode

Lidsdale Siding Coal Loader MOD3 (MP08_0223-Mod-3)

I refer to the correspondence dated 22 April 2020 inviting WaterNSW to provide comments on the modification report for above project. WaterNSW appreciates the opportunity to provide comment on the report.

WaterNSW has reviewed the modification report prepared by EMM Consulting Pty Ltd (dated 14 April 2019).

WaterNSW considers that the proposed modification is unlikely to change the impact on water quality compared to the previous assessment, provided that the existing Water Management Plan and the Monitoring Plan for the site remains in place.

WaterNSW requests to remain as a stakeholder for the proposal and be consulted during revisions to any relevant plans.

WaterNSW would appreciate having further opportunities to comment on the project as the assessment progresses.

If you wish to discuss this letter further please contact Juri Jung on 9865 2503 or email at environmental.assessments@watarnsw.com.au

Yours sincerely
