Paul Freeman  
Paul.Freeman@planning.nsw.gov.au

Dear Andrew

**Airly Mine Extension Project Modification 2, State Significant Development (SSD) 5581**

I refer to the abovementioned project and your request for submissions for the proposed modification to the Airly Mine's consent SSD 5581 to receive up to 170 ML/year of water at the Mine pit top from Charbon Colliery using rail transport.

Council considers the Environmental Assessment adequately highlights the relevant issues, and has no objection to the project subject to Council's original conditions remaining on the consent.

Please do not hesitate to contact Miss Lauren Stevens who is available between 8.15 am and 10.30 am on (02) 6354 9975, Monday to Friday; in Council's Economic Development & Environment should you require any additional information in relation to this matter.

Yours Sincerely

**Andrew Muir**  
**Director of Economic Development & Environment**
