Dear Mr Maslen

Re: Notice of Exhibition of application for Meadowbank Education and Employment Precinct Schools Project (SSD 9343)

Thank you for your referral dated 18 October 2019 inviting comments from the Heritage Council of NSW on the above State Significant Development proposal.

The subject site is not listed on the State Heritage Register (SHR), nor does the site contain any significant historical archaeological deposits as defined under the *Heritage Act 1977*.

It is noted that the site is adjacent to the southern part of the Ryde Pumping Station and Site which is listed on the State Heritage Register (No. 01634), however although the proposed works will be highly visible from this site, the works will have no impacts on the state significant values of the Pumping Station Site.

Therefore, no further heritage comments are required. The Department does not need to refer subsequent stages of this proposal to the Heritage Council of NSW unless the proposal substantially changes, and the works will impact Ryde Pumping Station and Site.

If you have any questions regarding the above advice, please contact Katrina Stankowski, Senior Team Leader, Regional Heritage Assessments, at Heritage NSW, on 9873 8569 or katrina.stankowski@environment.nsw.gov.au.

Yours sincerely
