Dear Ms Klouda,

**Eden Breakwater Wharf Extension - Modification 2 to SSI-7734**

I refer to the Department of Planning, Industry and Environment request dated 16 July 2020 to the NSW Environment Protection Authority (NSW EPA) in relation to modification application no. SSI-7734 for the Eden Breakwater Wharf which is located within the Port of Eden. The modification application, which has been submitted by the NSW Port Authority, seeks to extend the use of the Eden cruise facility to other vessels.

The NSW EPA has considered the details of the modification proposal including the supporting documents and understands that the proposal will not require an environment protection licence and does not involve substantial construction work. In this regard, the NSW EPA does not have any comments to make on the proposal.

If you have any questions or wish to discuss the matter further, please contact me on (02) 6229 7002 or at [queanbeyan@epa.nsw.gov.au](mailto:queanbeyan@epa.nsw.gov.au).

Yours sincerely
