Subject: Hume Battery Energy Storage System (Hume BESS) - EIS

Thank you for the opportunity to provide advice on the above matter. This is a response from the NSW Department of Regional NSW – Mining, Exploration and Geoscience (MEG) – Geological Survey of NSW (GSNSW).

MEG Landuse has reviewed the Hume BESS projects EIS, including the Biodiversity Assessment Report (BDAR) included as Appendix D. MEG has no resource sterilisation concerns to raise regarding the proposal.

Queries regarding the above information should be directed to the MEG - Land Use team at landuse.minerals@geoscience.nsw.gov.au.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Steven Palmer'.

Steven Palmer
Manager, Land Use Assessment
Geological Survey of NSW – Mining, Exploration and Geoscience.
