Attention: Melissa Anderson

Dear Sir / Madam,

**Re: SSD 7293 – Proposed Expansion of Hanson’s Quarry.  
Lot 2 DP 574308, Lot 353 DP 754434, Lot 1 DP 720807 & Lot 1 DP 704890. Sancrox Road, Sancrox.**

I refer to your email of 25 October 2019 requesting comment from Roads and Maritime Services in relation to the proposed development.

#### **Roles and Responsibilities**

The key interests for Roads and Maritime are the safety and efficiency of the transport network, the integrity of State infrastructure and the integration of land use and transport in accordance with *Future Transport Strategy 2056*.

Pacific Highway is a classified (State) road a declared controlled access road (CAR) under the *Roads Act 1993* (Roads Act). Port Macquarie Hasting Council is the roads authority for all public roads (other than freeways or Crown roads) in the local government area pursuant to Section 7 of the Roads Act.

Roads and Maritime is the roads authority for freeways and can exercise roads authority functions for classified roads in accordance with the Roads Act. Access with consent across a CAR boundary requires the approval of Roads and Maritime. Any proposed works on a classified (State) road will require the consent of Roads and Maritime and consent is provided under the terms of a Works Authorisation Deed (WAD).

In accordance with Clause 16 of the *State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007*, Roads and Maritime is given the opportunity to review and provide comment on the subject development application.

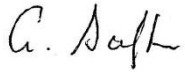

#### **Roads and Maritime Response**

Roads and Maritime has reviewed the referred information and would have no objection to the proposed expansion of the quarry. The following comments are provided to assist the consent authority in making a determination;

- The construction of the new interchange by Roads and Maritime took into consideration the expansion of the quarry and the other planned industrial development in the area.
- It is noted that a Code of Conduct will be implemented to manage haulage operations.

Upon determination of the application it would be appreciated if the Department of Planning, Industry and Environment could forward a copy of the approval for our records. If you have any further enquiries regarding the above comments please do not hesitate to contact Greg Sciffer, Development Assessment Officer or Land Use Assessment on (02) 6640 1362 or via email at: [development.northern@rms.nsw.gov.au](mailto:development.northern@rms.nsw.gov.au) .

Yours faithfully

A handwritten signature in black ink, appearing to read 'G. Sciffer'.
