Dear Ms Laguna

**Fairfield Sustainable Resource Centre Expansion (SSD 8184)
EIS**

I refer to your email of 28 August 2020 to the Department of Planning, Industry and Environment (DPIE) Water and the Natural Resources Access Regulator (NRAR) about the above matter.

The following recommendations are provided by NRAR:

- All surface water take from Prospect Creek, including existing or required additional water take, must be in accordance with an approved Water Access Licence (WAL) and water supply work and use approval from NRAR.
- Amend section 4.3.2 of the Soil and Water Management Plan to reference the correct water licence.

Any further referrals to DPIE Water and NRAR can be sent by email to:
landuse.enquiries@dpie.nsw.gov.au.

Yours sincerely
