Dear Mr Glasgow

**R4B Residential Building, Barangaroo (SSD-6965-Mod-2)**

Thank you for your correspondence via the Major Projects Portal on 18 September 2020, requesting Transport for NSW (TfNSW) to review and comment on the above.

**Construction Pedestrian and Traffic Management**

Comment

Several construction projects, including the Sydney Metro City and Southwest, are likely to occur at the same time as this development. The cumulative increase in construction vehicle movements from these projects could have the potential to impact on general traffic and bus operations within the CBD, as well as the safety of pedestrians and cyclists particularly during commuter peak periods.

Recommendation

It is requested that the Construction Pedestrian and Traffic Management Plan - Sub Plan (CPTMP) required under Condition C7 of SSD 6965 be updated in consultation with the Sydney Coordination Office within TfNSW to reflect the modification proposal. The applicant shall submit a copy of the final plan to the Coordinator General, Transport Coordination for endorsement prior to the issue of the construction certificate associated with the works under the subject modification proposal.

If you require clarification on the above, please don't hesitate to contact Para Sangar, Senior Transport Planner, Land Use Planning and Development on 0466 024 892.

Yours sincerely

6/10/2020
