06/10/2020

Dear Mr Dixon

Haerses Road Quarry (PMA-8367998) - Modification 4

I refer to your letter regarding a proposed modification to the Haerses Road Quarry.

The Department has reviewed the scoping report and proposed approach to preparing a Modification Report and is satisfied with the proposed level of assessment.

Your next step will be to lodge an application under section 4.55(1A) of the *Environmental Planning and Assessment Act 1979* and an accompanying Modification Report through the Department's major projects website (<http://www.planningportal.nsw.gov.au/major-projects>).

Fees and charges associated with the application will be confirmed following lodgement.

If your proposal is likely to have a significant impact on matters of National Environmental Significance, it will require an approval under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

This approval would be in addition to any approvals required under NSW legislation and it is your responsibility to contact the Commonwealth Department of the Environment to determine if an approval under the EPBC Act is required (<http://www.environment.gov.au> or 6274 1111).

If you have any questions, please contact Joel Herbert, who can be contacted on 8289 6614 or at joel.herbert@planning.nsw.gov.au

Yours sincerely,

Matthew Sprott
Director
Resource Assessments (Coal & Quarries)
