

Mr Robert Ibrahim  
Business Development Manager  
Suite 204  
55 Grafton Street  
Bondi Junction New South Wales 2022

15/03/2019

Dear Mr Ibrahim

**Maryvale Solar Farm (SSD-8777)  
Request for Additional Information**

I refer to the application and Environmental Impact Statement for the Maryvale Solar Farm (SSD-8777). The Department is requesting that you provide additional information.

You are requested to submit the following additional information:

- Provide high quality version of the attached figure from Appendix C of the TIA (Concept Road Designs) for inclusion in the Conditions of Consent. Enlarge the text describing the Maryvale Road upgrades so that they are legible at A4 printing size;
- Confirm if there are any additional existing waterway crossings on Seatonville Road immediately north of the transmission line easement and on Maryvale Road. Detail whether their condition has been assessed and if these need to be strengthened;
- Amend the Constraints map:
  - Change colour of access point marker to a more obvious colour
  - Change colour of haulage route to a more obvious colour
  - Either reduce the transparency of the solar array OR change to a hashed layer to ensure layer consistency; and
- Confirm that any additional water can be sourced from an appropriately authorised and reliable supply

You are requested to provide the information, or notification that the information will not be provided, to the Department by Fri 22 March 2019. If you are unable to provide the requested information within this timeframe, you are requested to provide, and commit to, a timeframe detailing the provision of this information.

If you have any questions, please contact Natasha Homsey, who can be contacted on 02 8275 1264 at [natasha.homsey@planning.nsw.gov.au](mailto:natasha.homsey@planning.nsw.gov.au).

Yours sincerely

Phillipa Duncan  
Team Leader  
Resources & Energy Assessments
