22/05/2019

Dear Mr Brooks

Western Sydney Green Gas Trial (SSD-10313)  
**Request for Additional Information**

I refer to the draft Planning Secretary's Environmental Assessment Requirements (SEARs) for the Western Sydney Green Gas Trial (SSD-10313). The draft SEARs were sent to you on 15 May 2019 for your review and consideration before issuing the final SEARs.

The Department notes that you have requested further time to review the draft SEARs to consider key technical aspects, particularly in relation to the requirement to undertake a preliminary hazard analysis (PHA) for the project. If it would assist, the Department would like to arrange a meeting with your technical experts and our hazard team to further discuss these requirements.

The Department requests that you provide a response by 7 June 2019 so that the SEARs can be finalised and issued.

If you have any questions, please contact Mandana Mazaheri, who can be contacted on 02 9995 5093/ or [mandana.mazaheri@planning.nsw.gov.au](mailto:mandana.mazaheri@planning.nsw.gov.au).

Yours sincerely

Stephen O'Donoghue  
A/Director  
Resource & Energy Assessments
