Chris Ritchie  
Director  
Department of Planning & Environment  
320 Pitt Street,  
Sydney NSW 2000

Dear Chris

**Response: Orora Paper Mill Modification – Increase in Production Limit (MP05\_120 MOD 9) Request for Additional Information**

I am writing in response to the Department of Environment and Planning's (DPE) letter requesting additional information for the *Orora Paper Mill Modification 9 – Increase in Production Limit*. The Modification, known as Mod 9, seeks to increase the capacity of the B9 Paper Mill from 425,000 tonnes of paper per year to 500,000 tonnes of paper per year.

The additional information required by DPE is to address the issues raised in multiple submission to the proposal. In particular, DPE has highlighted the need to respond to submission from the following agencies,

- » Environment Protection Authority
- » Department of Industry
- » Sydney Water

The following table provides the relevant issues raised by each agency in their submission to Mod 9, and also includes Orora's comments addressing each issue.

If you have any questions regarding this letter or the following response please feel free to contact me on 02 9387 2600.

A handwritten signature in black ink, appearing to read "James Gilchrist".

Yours sincerely

James Gilchrist  
Planning Consultant
